

# How to enter an online prescription

## Benefits

- Reduce turnaround time
- Eliminate any prescription errors
- 24/7 case submission & tracking
- View impression reports & scores
- Receive email confirmations & case updates
- Keep an organized record of your patient's RX

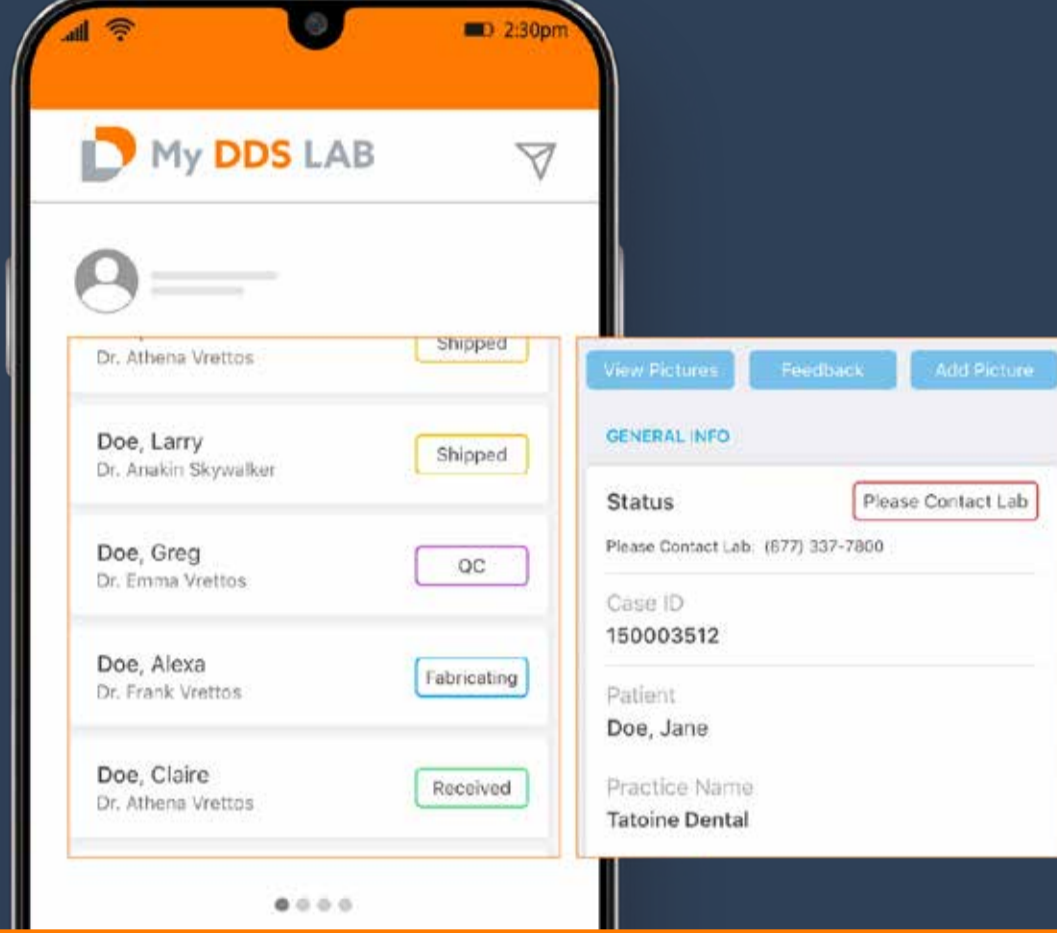

1

Sign up for our online portal **MyDDSLab.com**

Every DDS Lab customer can register for FREE

Use this link to register:

[go.ddslab.com/register\\_mydds\\_lab](http://go.ddslab.com/register_mydds_lab)

After you've signed up, your **account manager** will contact you to provide login credentials.

2

3

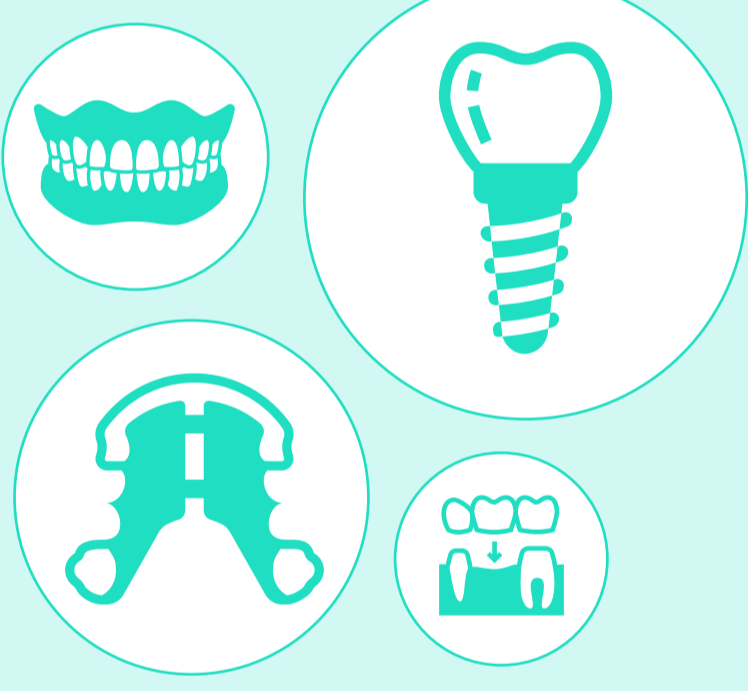

Once you've received your login info, login at **MyDDSLab.com**.

After you've successfully logged on, navigate to **"Prescriptions"** within the portal.

Select the **type of prescription**.

- Crown & Bridge
- Orthodontics
- Removables
- Implants
- NightGuards

4

5

Fill out our **step-by-step form**, and finalize your patient's prescription.

Now, we have your prescription in our system, prior to you sending your patient's case.

Send in your case and it will arrive to the lab in just 2 days.

6

7

Print the prescription and put it into your patient's case box.

We will send you **status updates** once it's been received.

**Status**
